The Single Plan for Student Achievement

School: one.Program Court Schools

District: San Joaquin County Office of Education

County-District School (CDS) Code: 39-10397-3930195

Principal: Lauren Dinubilo, Director

Date of this revision: January 2018

The Single Plan for Student Achievement (SPSA) is a plan of actions to raise the academic performance of all students. California *Education Code* sections 41507, 41572, and 64001 and the federal Elementary and Secondary Education Act (ESEA) require each school to consolidate all school plans for programs funded through the ConApp and ESEA Program Improvement into the SPSA.

School Mission and Vision

one.MISSION

As a community of learners built on meaningful relationships, we ensure that each of us attains the skills and knowledge needed to thrive in a dynamic world.

one.VISION

We will continually create learning environments and provide opportunities so that diverse learners can own their future.

We maintain high expectations and an academic focus that is rigorous, relevant, and founded on relationships. We inspire and empower our students to be tomorrow's leaders. They are innovative thinkers who transcend boundaries to achieve the extraordinary. They are resilient and self-aware, able to overcome all obstacles in their pursuit of excellence. Our students have a strong sense of self-worth and value working with others to make miracles occur.

The Concept of **one.** is the guiding philosophy of the San Joaquin County Office of Education (SJCOE) **one.**Program. **one.** stands for our desire to remind students that each individual is important and can make a difference in the world. We also want to make the point that it is when individuals join together, and work as **one.** miracles can occur.

We believe that...

- All kids can learn.
- Learning never ends.
- There is a need to celebrate diversity.
- Students bring with them their own reality.
- As educators, we should be eclectic and flexible.
- It is necessary to teach students to learn to learn.
- It is essential to recognize the basic worth in all people.
- There is a need to instill a sense of self-respect in our students.
- Each student should be given the opportunity to fully develop his/her human potential.
- There is a need to facilitate learning by drawing on students' individual strengths and learning styles.
- Each student has the right to a physically and emotionally safe environment that is conducive to learning.

School Profile

San Joaquin County is located in the northern San Joaquin Valley and includes the cities of Stockton, Lodi, Manteca, Ripon, Lathrop and Tracy, as well as numerous small towns and unincorporated areas. Major California freeways converge in the county, making it easily accessible to Sacramento, the San Francisco Bay Area and the Sierra Nevada Mountains. The county covers approximately 1,400 square miles and is home to nearly 734,000 people.

The **one**.Program is comprised of both court and community school programs. This report will only address the court school portion of the program.

Each student receives an individualized education that builds on the learning style of the student. The **one**.Program uses a variety of approaches to instruction, including an integrated thematic curriculum, online learning platforms, and textbooks. Within the curriculum, many lessons, assignments, and projects are centered on quarterly themes that bring continuity to the learning experience. Students complete grade-level appropriate, standards-based academic courses and work on basic skills to complete requirements and earn high school credits.

The program enables students to become productive members of the community by providing quality learning opportunities. Students develop an appreciation of self and others, individual talents, critical thinking and problem-solving skills, workforce readiness, and complete a course of study resulting in a high school diploma or General Education Diploma (GED).

John F. Cruikshank, Jr. Juvenile Court/Camp schools are located at the San Joaquin County Juvenile Justice Center and **one**.Biddick is located at the Mary Graham Children's Shelter. The average student-to-teacher ratio is 11:1.

Students in the court schools are in grades K-12 and come from a variety of academic, social, and emotional backgrounds. Teachers incorporate life skills and the concept of **one**., as well as California Common Core State Standards in their teaching. The diversity of students is unified through the guiding philosophy of the Concept of **one**., as well as the program's curriculum, methods of assessment, mission, program beliefs, vision and values statements, and program ethics.

Student trends remain constant. Average daily enrollment in the court school is approximately 142 students, however there are nearly 1,100 enrollments each year. One hundred percent of court school students are designated socio-economically disadvantaged and qualify for free or reduced lunch.

The **one**.Program continues to have a diverse student population as follows:

Hispanic	57%
African-American	28.9%
White	6.6%
Asian	1.7%
Pacific Islander	0.8%
Filipino	0%
American Indian or Alaskan Native	0%
Two or More Races/Unknown	5%

The **one**.Program staff is comprised of teachers, counselors, a school nurse, clerical support, maintenance staff, technology staff, WorkAbility I staff, and administrators. All employees are “teachers of students.”

All data is based on conclusions from analysis of program components and student data pages.

Planned Improvements in Student Performance

The School Site Council has analyzed the academic performance of all student groups and has considered the effectiveness of key elements of the instructional program for students failing to meet academic performance index and adequate yearly progress growth targets. As a result, it has adopted the following school goals, related actions, and expenditures to raise the academic performance of students not yet meeting state standards:

LEA GOAL: Improve student attendance, by decreasing truancy

SCHOOL GOAL: By June 2018, John F. Cruikshank, Jr. Juvenile Court/Camp program will have a monthly average attendance of 98% or higher, and **one**.Biddick school site attendance will have an average of 85%.

What data did you use to form this goal?	What were the findings from the analysis of this data?	How will the school evaluate the progress of this goal?
<ul style="list-style-type: none"> • Program-wide attendance data • School site data 	<p>The Cruikshank Juvenile Hall/Camp programs continue to nearly meet the 98% attendance goal with 97% average in 2016-17, however attendance at the one.Biddick site was considerably lower (58%) and may be due to social, emotional, mental, and physical health of students.</p>	<ul style="list-style-type: none"> • Individual student attendance • Monthly attendance rates will be emailed to administrators. • Site attendance will be reviewed at monthly meetings with teachers and administrators.

STRATEGY: During 2017-18, the school will increase efforts to improve the social, emotional, mental, and physical health services provided to students.

LEA GOAL: To improve academic rigor and consistency across programs

SCHOOL GOAL: By June 2018, the number of 7-12 grade students who improve by one grade-level or more will increase in reading, from 35% to 40%, and in mathematics, from 36% to 41%, as measured by the pre- and post- Edmentum Accucess online assessments.

<p>What data did you use to form this goal?</p> <ul style="list-style-type: none"> • Student SBAC scores • Edmentum Accucess data • Student Accucess prescription data • Student course grades • Teacher evaluations • Program-wide writing assessments (PWA) 	<p>What were the findings from the analysis of this data?</p> <p>The 2016-17 Accucess data suggests that despite 35% of students increasing a grade-level overall, student achievement levels decreased in reading and math when comparing the fall and spring assessment results. It is important to note, that due to the highly-mobile student population, approximately 9 percent of students completed both the pre-post reading assessments, and 13 percent of students completed the pre-post math assessments. According to 2016-17 SBAC scores, only 4.35% students met standards in English and no students met or exceeded standards in math.</p>	<p>How will the school evaluate the progress of this goal?</p> <ul style="list-style-type: none"> • Ongoing Accucess assessments for new enrolled students. • Accucess assessment data three times a year (Fall, Winter, Spring). • Weekly teacher monitoring of prescription completion.

Programs Included in this Plan

Check the box for each state and federal program in which the school participates. Enter the amounts allocated for each program in which the school participates and, if applicable, check the box indicating that the program's funds are being consolidated as part of operating a schoolwide program (SWP). The plan must describe the activities to be conducted at the school for each of the state and federal programs in which the school participates. The totals on these pages should match the cost estimates in Form A and the school's allocation from the ConApp.

Note: For many of the funding sources listed below, school districts may be exercising Categorical Program Provisions options (flexibility) with information available at <http://www.cde.ca.gov/fg/ac/co/documents/sbx34budgetflex.doc>.

Of the four following options, please select the one that describes this school site:

- This site operates as a targeted assistance school (TAS), not as a schoolwide program (SWP).
- This site operates a SWP but does not consolidate its funds as part of operating a SWP.
- This site operates a SWP and consolidates only applicable federal funds as part of operating a SWP.
- This site operates a SWP and consolidates all applicable funds as part of operating a SWP.

Recommendations and Assurances

The school site council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

1. The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.
2. The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the Single Plan for Student Achievement (SPSA) requiring board approval.
3. The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:
 - State Compensatory Education Advisory Committee _____ Signature
 - English Learner Advisory Committee _____ Signature
 - Special Education Advisory Committee _____ Signature
 - Gifted and Talented Education Advisory Committee _____ Signature
 - District/School Liaison Team for schools in Program Improvement _____ Signature
 - Compensatory Education Advisory Committee _____ Signature
 - Departmental Advisory Committee (secondary) _____ Signature
 - Other: District English Learner Advisory Committee: Tim Ellis Signature
4. The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.
5. This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
6. This SPSA was adopted by the SSC at a public meeting on: January 10, 2018.
