By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE)
SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2023-24)

The San Joaquin County Office of Education, Special Education Programs supports every student's right to an education designed to meet individual needs. It is essential to provide experiences that will enable students to (1) attain their ultimate functioning level, (2) learn in a comfortable, secure environment that is not limited by physical barriers, and (3) develop those critical skills and attitudes necessary to adapt and function in everyday life. Ultimately, we believe in the "whole individual". All students are active learners and have the potential for growth. It is our goal to protect and nurture personal dignity, ensure health and safety, and promote understanding of the individual.

## A. Conditions of Learning

## State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

## School Facility Conditions and Planned Improvements

All the facilities owned and utilized by the San Joaquin County Office of Education are reviewed on a regular schedule by the maintenance staff. The school facilities are well-maintained with minimal deficiencies noted. Our maintenance staff are on the school campuses daily for our center-based programs and visit each satellite class once a week to make sure all facilities are safe and in good condition. The restrooms and classes are checked daily and a high standard of classroom hygiene procedures have been adopted.

## School Facility Good Repair Status

Using the most recently collected Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAA] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. Smarter Balanced Summative Assessments and CAA for ELA in grades three through eight and grade eleven.
2. Smarter Balanced Summative Assessments and CAA for mathematics in grades three through eight and grade eleven.
3. California Science Test (CAST) and CAA for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

- College and Career Ready: The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

## C. Engagement

## State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority:
Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2023-24)

Parents play a vital role in the education of their children. Opportunities for parents to participate in their child's education include assisting in classrooms, attending workshops established for Early Start parents, participating in the Community Advisory Committee (CAC), English Language

Advisory Committee (ELAC) and parent training groups for children with autism. The County Programs are also training parents to support parents to support parents as part of the continuum of Alternate Dispute Resolution options. Although parents come from all over the San Joaquin County SELPA, they go the extra mile to participate in fundraisers, school events and support their child's learning at home.

All Special Education Program school sites have a comprehensive school safety plan in accordance with the Safe School policy, which includes a specific emergency operations plan. In compliance with SB 187, the plan is reviewed and revised annually for each school site. Site safety plans are aligned with the National Incident Management System (NIMS) and California Standardized Emergency Management Systems (SEMS) utilizing Incident Command Systems (ICS). Each document is prepared for the use of employees at a specific school site in the event of an emergency, disaster, or crisis situation. At the beginning of each school year, Special Education Programs school site staff update their site-specific Emergency Plan. The site specific Emergency Plan includes the site safety plan, San Joaquin County Office of Education's Disaster Plan, updated site maps/evacuation routes, and Emergency Medical Services Authority (EMSA), EMSA emergency first aid guidelines of California Schools. School are issued first aid kits and "grab and go" emergency packs in the event of an evacuation. The school nurse collaborates with parents/guardians of students with special needs in order to provide medical emergency kits in accordance with their Individualized School Health Plan (ISHP). A copy of the Emergency Plan binder is houses at the school site and the Special Education Programs Director's office and is available for parent/guardian review. Special Education Programs also collaborates with community agencies that focus on violence prevention and who provide direct services to students/families.

The Knowledge Saves Lives, Inc progressional development training was provided for all Administrative, Support, and Teaching staff in November 2022.

In addition, school site principals attended the first annual safe schools summit, hosted by the San Joaquin County Office of Education, in November 2022.
