Cada año, antes del 1 de febrero, todas las escuelas de California deben publicar, según la ley estatal, un Informe de Responsabilidad Escolar (SARC, por sus siglas en inglés). El SARC contiene información sobre la condición y el desempeño de cada escuela pública de California. Según la Fórmula de Financiamiento de Control Local (LCFF, por sus siglas en inglés), todas las agencias educativas locales (LEA, por sus siglas en inglés) deben preparar un Plan de Control y Responsabilidad Local (LCAP, por sus siglas en inglés), que describe cómo pretenden cumplir con los objetivos anuales específicos de la escuela para todos los alumnos, con actividades específicas para abordar las prioridades estatales y locales. Además, los datos informados en un LCAP deben ser coherentes con los datos informados en el SARC.

- Para obtener más información sobre los requisitos del SARC y el acceso a los informes de años anteriores, consulte la página web del SARC del Departamento de Educación de California (CDE) en <https://www.cde.ca.gov/ta/ac/sa/> .
- Para obtener más información sobre el LCFF o el LCAP, consulte la página web del LCFF del CDE en <https://www.cde.ca.gov/fg/aa/lc/> .
- Para obtener información adicional sobre la escuela, los padres/tutores y miembros de la comunidad deben comunicarse con el director de la escuela o la oficina del distrito.

Búsqueda de datos

DataQuest es una herramienta de datos en línea ubicada en la página web DataQuest del CDE en <https://dq.cde.ca.gov/dataquest/> que contiene información adicional sobre esta escuela y comparaciones de la escuela con el distrito y el condado. Específicamente, DataQuest es un sistema dinámico que proporciona informes para la rendición de cuentas (por ejemplo, datos de pruebas, inscripción, graduados de la escuela secundaria, deserción escolar, inscripción en cursos, dotación de personal y datos sobre estudiantes de inglés).

Panel de control de las escuelas de California

El Panel de Control de Escuelas de California (Dashboard) <https://www.caschooldashboard.org/> refleja el nuevo sistema de rendición de cuentas y mejora continua de California y brinda información sobre cómo las LEA y las escuelas están satisfaciendo las necesidades de la diversa población estudiantil de California. El Panel de Control contiene informes que muestran el desempeño de las LEA, las escuelas y los grupos de estudiantes en un conjunto de medidas estatales y locales para ayudar a identificar fortalezas, desafíos y áreas que necesitan mejoras.

Acceso a Internet

El acceso a Internet está disponible en bibliotecas públicas y otros lugares de acceso público (por ejemplo, la Biblioteca Estatal de California). El acceso a Internet en bibliotecas y lugares públicos generalmente se brinda por orden de llegada. Otras restricciones de uso pueden incluir el horario de atención, el tiempo durante el cual se puede utilizar una estación de trabajo (según la disponibilidad), los tipos de programas de software disponibles en una estación de trabajo y la capacidad de imprimir documentos.

Requisitos de admisión para la Universidad de California (UC)

Los requisitos de admisión para la UC siguen las pautas establecidas en el Plan Maestro, que exige que el octavo mejor alumno de la escuela secundaria del estado, así como aquellos estudiantes transferidos que hayan completado con éxito cursos universitarios específicos, sean elegibles para la admisión a la UC. Estos requisitos están diseñados para garantizar que todos los estudiantes elegibles estén adecuadamente preparados para el trabajo de nivel universitario. Para conocer los requisitos de admisión generales, visite el sitio web de información de admisiones de la UC en <https://admission.universityofcalifornia.edu/>.

Requisitos de admisión para la Universidad Estatal de California (CSU)

La elegibilidad para la admisión a la CSU se determina por tres factores: (1) cursos específicos de la escuela secundaria, (2) calificaciones en cursos específicos y puntajes de exámenes, y (3) graduación de la escuela secundaria. Algunos campus tienen estándares más altos para carreras específicas o estudiantes que viven fuera del área del campus local. Debido a la cantidad de estudiantes que se postulan, algunos campus tienen estándares más altos (criterios de admisión complementarios) para todos los solicitantes. La mayoría de los campus de la CSU tienen políticas locales de garantía de admisión para los estudiantes que se gradúan o se transfieren de escuelas secundarias y universidades que históricamente son atendidas por un campus de la CSU en esa región. Para obtener información sobre admisión, solicitud y tarifas, consulte el sitio web de la CSU en <https://www2.calstate.edu/>.

All the facilities owned and utilized by the San Joaquin County Office of Education are reviewed on a regular schedule by the maintenance staff. The school facilities are well-maintained with minimal deficiencies noted. Our maintenance staff are on the school campuses daily for our center-based programs and visit each satellite class once a week to make sure all facilities are safe and in good condition. The restrooms and classes are checked daily and a high standard of classroom hygiene procedures have been adopted.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

School Safety Plan (School Year 2024–25)

All Special Education Program school sites have a comprehensive school safety plan in accordance with the Safe School policy, which includes a specific emergency operations plan. In compliance with SB 187, the plan is reviewed and revised annually for each school site. Site safety plans are aligned with the National Incident Management Systems (NIMS) and California Standardized Emergency Management Systems (SEMS) utilizing Incident Command Systems (ICS). Each document is prepared for the use of employees at a specific school site in the event of an emergency, disaster, or crisis situation. At the beginning of each school year, Special Education Programs school site staff update their site-specific emergency plan. The site specific emergency plan includes the site safety plan, San Joaquin County Office of Education's Disaster Plan, updated site maps/evacuation routes, and Emergency Medical Services Authority (ESMA), EMSA emergency first aid guidelines of California Schools. Schools are issued first aid kits and "grab and go" emergency packs in the event of an evacuation. The school nurse collaborates with parents/guardians of student with special needs in order to provide medical emergency kits in accordance with their Individualized School Health Plan (ISHP). A copy of the Emergency Plan binder is housed at the school site and the Special Education Programs Director's office and is available for parent/guardian review. Special Education Programs also collaborates with community agencies that focus on violence prevention and who provide direct services to students/families.

The Knowledge Saves Lives, Inc professional development training is held every two years and provided for all administrative, support, and teaching staff.

In addition, school site principals and administrators attended the annual Safe Schools Summit, hosted by the San Joaquin County Office of Education, on October 25, 2024.
